

## OCEAN Magnus fenders for mega yachts

The **Magnus** fenders are welded inflatable fenders made of **reinforced PVC** material. They provide **extreme abrasion resistance, UV protection** and **superior tear strength** compared to the competitive glued inflatable fenders.

**The BEST CHOICE**  
 ✓ for Mega Yachts  
 up to 70m-80m

They can be easily inflated or deflated and stored away securely by not taking up a lot of space.
